Project: IDP- Beirut City Center Project

Concern: Recommendation letter

To whom it may concern

ID Project SAL Lebanon has successfully completed the production and installation of acoustical wooden doors for “VOX Cinemas” project at **Beirut City center** mall in Lebanon.

After organizing and leading several acoustic tests, IDP attained the acoustic rating Rw of 40db.

During this period the job was successfully accomplished due to good planning and a disciplined management. All parties were satisfied with the results.

Best Regards
